Yes, Keep This! Naw, I'll Wait Until I'm Sick, Then Pay Full Price!

Pediatric Services - including Preventive, Immunization, Dental, Eyes

Yes, Keep This! Naw, People With Kids Should Pay Full Price For Everything!

I understand that the way insurance works is that we all pay into the system to have funds available for medical services when we need them, whether that is for me and my family or someone else and their family.

I may never need the most expensive services, but I am happy to pay into the system to help others and know that I will be covered should I ever need extra Medical Help so that we can all stay healthy as long as possible!
